P R E F A C E

The Government of India have taken up the programme of issuing supplements to the District Gazetteers which were compiled and published up to the year 1966.

The scheme of the preparation of supplements to the District Gazetteers is to be completed in all States by 1980-81. The Government of India have decided to pay 100% central assistance subject to a ceiling of Rs. 10,000 per volume for the compilation and publication of the supplements.

The Trivandrum District Gazetteer, the first in the series of the Kerala District Gazetteers was published in 1962. The statistics and data contained in the Gazetteer were based on the 1951 census. Therefore it has become imperative to incorporate the latest available facts and figures and bring it up-to-date.

With the limited resources at the disposal of this Department, we have made genuine attempts to include as far as possible the latest available data. Considering that the scheme is a time bound one, serious effort has been made to bring them out at an early date. This has to be followed by the issue of supplements to the District Gazetteers of Trichur, Kozhikode, Quilon and Ernakulam.

In compiling this supplement, I have received sincere co-operation from all the members of the staff of the Department especially Shri Adoor K. K. Ramachandran Nair, Research Assistant and Shri V. A. Abdul Khader, Sub Editor.

I will be failing in my duty if I do not express my sincere thanks to Dr. P. N. Chopra, Editor, Gazetteers, Government of India for successfully taking up the matter with the Government of India, thus fulfilling a long felt need.

I am grateful to the assistance rendered by the Editor and his staff of the Central Gazetteers Unit in the work of the preparation of the supplement to the Trivandrum District Gazetteer.

I am also thankful to Sri P. K. Titus, Superintendent, Government Presses, Trivandrum for executing the printing of this supplement.

Trivandrum,
12th June 1978.

DR. C. K. KAREEM.

INTRODUCTION

The Trivandrum District Gazetteer was published in the year 1960. A District Gazetteer is the most comprehensive single source of knowledge about the district. While presenting a broad picture of its physical features, history, administration and socio-economic life, it also aims at providing useful and authentic information relating to the field of agriculture, industry, education, medical and public health services, places of interest etc., in the district. As such, it forms an important reference book for administrators, research scholars and general readers.

The Government of India have taken up the scheme of issuing supplements to the District Gazetteers which were published more than ten years back. The supplements are intended to update the statistical and other data contained in the concerned Gazetteers.

The Trivandrum is the first in the series of the supplements to the District Gazetteers of Kerala. The draft of this supplement was sent for printing in December 1978. It was the keen interest shown by Shri Adoor K. K. Ramachandran Nair, Assistant Editor who has been put in full charge of the duties of State Editor, Kerala Gazetteers on March 28, 1979 that expedited the printing of this supplement. I thank him for the rare devotion to duty he has exhibited in this behalf.

I have great pleasure to release this supplement for the use of the general reading public.

(Sd.)

Trivandrum,
7-6-1979.

C. H. MOHAMMED KOYA,
*Minister for Education,
Chairman, Advisory Board for
Kerala Gazetteers.*

Boundary changes

There have been no major changes in the boundaries of the district since re-organisation.

Climate.

The district has a tropical humid climate, with an oppressive summer. The hot season from March is followed by the southwest monsoon season from June to September. The two months October and November may be termed the post monsoon or the monsoon season December to February is the northeast monsoon season.

Rainfall.

Records of rainfall are available for more than a century for Trivandrum and for periods ranging from 50 to 70 years at four more stations in the district. Tables 3 and 4 gives the details of the rainfall at these stations and for the district as a whole. Being on the windward side of the Western Ghats rainfall of this district is much more than that in Thirunelvely district which is to the eastern side of the Ghats. The annual average rainfall is 1,833.9 mm (72-20"). This average is based on the rainfall measured at stations in the area excluding the hilly region of the Western Ghats. The northeastern portions of the district comprising the Ghats and the neighbourhood receive much more rainfall. Rainfall generally decreases from the northwest to the south east. Owing to its position near the southern end of the Peninsula the district benefits from the southwest monsoon and to a lesser extent the northwest monsoon. Rain in summer is mostly in the form of thunderstorms and in the post monsoon months constitute a good portion of the annual total of rainfall. The southwest monsoon bursts over the district by the end of May. June is the month with the maximum rainfall. A secondary maximum of rain fall occurs in October. January to March are the months with comparatively little rainfall. The thunderstorm rains are in the pre-monsoon months of April and May. The rainfall

in the monsoon months is known locally as 'Edavapathi' and the post-monsoon rains known as 'Thula varsham'. These rains are important for agriculture. Nearly half of the annual rainfall is accounted for by the 'Edavapathi' rains and a little over quarter by the 'Thula varsham'.

There are large variations in the rainfall from year to year. During the fifty year period from 1901 to 1950, the district experienced the highest annual rainfall amounting to 169% of the normal in 1933. 1937 was the year with the lowest annual rainfall which was 69% of the normal. For the district as a whole during the fifty year period there were 9 years when the annual rainfall was less than 80% of the normal. Two consecutive years of low rainfall occurred on three occasions during this period. It will be seen from table 2 that in 29 years out of 50, the rainfall was between 1,600 and 2,100 mm.

On an average there are 98 rainy days (i.e., days with 2.5 mm 10 cents or more of rain) in a year. This number varies from 84 at Parassala to 112 at Nedumangad.

The highest rainfall in 24 hours as recorded in the district was 401.5 mm. (15.61") at Trivandrum on 1964 October 18.

Temperature

There are three observatories in the district, two at Trivandrum and one at Kovalam. Of the two observatories at Trivandrum, one is in the city and the other is in the aerodrome. The description that follows is based on the Trivandrum Observatory (city) data which is of longer period. As temperature and other meteorological conditions are fairly uniform throughout the district except on the Ghats, data from Trivandrum may be taken as representative of the district. The temperature variations through the seasons are not large. March, April and May are the hottest months, the mean daily maximum temperature being of the order of 32.2° C (89.9° F.) On some days the maximum may reach 36°C (96.8°F) In April and May, the oppressive heat is relieved somewhat by thundershowers. With the onset of the monsoon by end of May, weather becomes cooler. After September, the day temperatures increase gradually till they reach a maximum in the hot season. The average daily minimum temperature during December to February is 22.9° C (72.7°F). On some particular day in this season the Minimum may be lower by three or four degrees.

Humidity.

The air is highly humid practically all the year round. The relative humidity during the months December to May is slightly less than that during the rest of the year.

Cloudiness.

Skies are heavily clouded or overcast on most of the days in the monsoon months and to a lesser extent in the post monsoon months. In the summer and post monsoon months cloudiness generally increase in the afternoon. During the rest of the year skies are lightly clouded or clear.

Winds

Winds are Moderate to strong during the months May to September. In other months they are light to moderate. Wind speeds are generally more in the afternoons in the non-monsoon months. During the period December to February, winds are north-easterly or easterly in the morning and westerly or south-westerly in the afternoons. In the summer months they are mainly north-westerly or northerly in the mornings backing to a more westerly direction in the afternoons. In the monsoon months winds blow from directions between west and north, afternoon winds being more westerly than in the mornings. In October winds blow from north-westerly or northerly direction in the mornings and westerly to north-westerly in the afternoons. In November winds are light and variable and in the afternoons they blow from directions south and west.

Special weather phenomena

In the summer and post monsoon months the district gets thunderstorms mostly in the afternoons on about 30% of the days. Occasional thunderstorms also occur during the period December to February and even during the monsoon, rainfalls is sometimes associated with thunder.

Tables 5, 6 and 7 give the data of temperature and humidity, mean wind speed and frequency of special phenomena respectively for Trivandrum district.

CHAPTER III

PEOPLE

1. *Distribution of population between rural and urban areas*

There are ten towns in Trivandrum district. Two of them are municipalities and one is a corporation. The total urban population of the district is 26%. The percentage of urban population is the lowest in Nedumangad taluk with only 3.4%. Hereunder is given the table showing the rural-urban distribution of population by taluks.

Rural-Urban distribution of Population by Taluks, 1971

<i>District/Taluk</i>	<i>Rural</i>			<i>Urban</i>		
	<i>No. of villages</i>	<i>Population</i>	<i>Percentage to total population</i>	<i>No. of towns</i>	<i>Population</i>	<i>Percentage to total population</i>
Trivandrum district	88	1,627,040	74.00	10	571,566	26.00
Chirayinkil taluk	28	404,218	87.78	3	56,255	12.22
Nedumangad taluk	20	416,136	96.60	1	14,643	3.40
Trivandrum taluk	20	302,584	40.46	3	445,302	59.54
Neyyattinkara taluk	20	504,122	90.10	3	55,366	9.90

Sex ratio

Chirayinkil taluk marks the highest sex ratio both in 1961 and 1971 census. In the urban areas males outnumber females whereas there are preponderance of males and females. The table given below furnishes the taluk-wise sex ratio with rural-urban break up for 1961 and 1971.

Sex ratio by Taluks

<i>District/Taluk</i>	<i>Number of females per 1,000 males</i>					
	1961			1971		
	<i>Total</i>	<i>Rural</i>	<i>Urban</i>	<i>Total</i>	<i>Rural</i>	<i>Urban</i>
Trivandrum district	1,005	1,013	984	1,003	1,013	996
Chirayinkil taluk	1,075	1,078	1,048	1,064	1,064	1,062
Nedumangad taluk	989	989	1,000	1,000	999	1,021
Trivandrum taluk	989	1,004	980	993	999	989
Neyyattinkara taluk	986	985	984	988	989	985

Density of population

The density of population of the district according to the census of 1961 was 976 persons/sq. km. There is a steady rise in this respect. 1971 census shows 1003/sq. km. In density of population Trivandrum ranks 2nd in the State, the State figure being 549. Among the 4 taluks in the district Trivandrum is the most densely populated taluk with 2432 persons per sq. km. Nedumangad taluk stands lowest with only 465 persons per sq. km. The taluk-wise density of population per sq. km. according to 1961 and 1971 censuses is given hereunder.

Density by Taluks

<i>District/Taluk</i>	<i>Persons per km.</i>	
	1961	1971
Trivandrum district	796	1,003
Chirayinkil taluk	973	1,210
Nedumangad taluk	372	465
Trivandrum taluk	1,861	2,432
Neyyattinkara taluk	801	980

The population of Trivandrum district as on April 1971 is 2,198,606 of which 1,095,176 are males and 1,103,400 are females. The net additions to the population in the district between 1961 and 1971 is 454,075. It records a decennial growth rate of 26.03%. This is less than the decennial growth rate recorded for the decade 1951-1961.

The following is variation in the Trivandrum district from 1901 to 1971.

Population and Percentage Decade Variation

<i>Census year</i>	<i>Population</i>	<i>Percentage decade variation</i>
1901	484,493	..
1911	569,472	+17.54
1921	666,393	+17.02
1931	856,851	+28.58
1941	1,015,057	+18.46
1951	1,327,812	+30.81

Villages classified by population

Villages of the district are not classified by population. One or more villages constitute a Panchayat. These Panchayats are graded for administrative convenience on the basis of population, area and income as Special Grade, Grade I, Grade II etc.

Fairs and Festivals

The following are the important fairs and festivals celebrated in the district:

(1) *The Arat Festival at the Janardhanaswamy Temple, Varkala.*—This is celebrated every year in Mcenam (March-April) for over 10 days.

(2) *Festival at St. Sebastian's Church, Mungode, Chirayinkil taluk.*—The St. Sebastian's Church celebrates every year on January 20 in honour of St. Sebastian, one of the martyrs of the Roman Catholic Church. The festival lasts for 11 days.

3. *Pooram at Atholinatom, Chirayinkil.*—This is a colourful function conducted during the month of Meenam (March-April) with all the characteristic features of the temple festival. Haritripurakulangara Bhagavathi is the principal deity.

4. *Sreenarayana Jayanthi at Erathu Mukkalavattom Temple in Kaikkara, Chirayinkil* is celebrated on Chathayam day in Chingom (August-September).

5. *Kaliyuttu and Bharani at Sarkara Bhagavathi Temple in Chirayinkil.*—The festivals celebrated in this temple are Kaliyuttu in Kumbham and Bharani in Meenam.

6. *Kodiyettu Utsavam at Tiruvarathukavu Bhagavathy Temple, Attingal* is conducted in the month of Vrischikam (November-December) every year and lasts for 8 days.

7. *Murajapam in Sree Padmanabha Swamy Temple, Trivandrum.*—This is a religious ceremony started by Marthanda Varma in 1744 to expiate the sins of war and annexation of territory and for the increased prosperity and welfare of his kingdom. The word Murajapam means the recital of the *vedamura*. Namboothiris and Brahmins from all over Kerala were invited and treated with sumptuous meals and presents for eight days. The last murajapam was in 1959 when the number of invitees was restricted to 100 Namboothiris only who were experts in the recitation fully of one or other of the three vedas.

8. *Lakshadeepam.*—The pagoda of the Padmanabhaswamy is illuminated for eight days. It is a colourful spectacle which attracts large crowds. It was in January 1978 that the last Lakshadeepam was performed.

9. *Arat Festival in Padmanabhaswamy Temple.*—There are two arat festivals in an year, one in the month of Thulam (October-November) and the other in the month of Meenam (March-April). Arat is a colourful procession of the Lord to the Sea to have a ceremonial bath at the close of the ten day festival at the Padmanabhaswamy Temple. The Maharaja of Travancore with his family escort Sree Padmanabhaswamy. The procession leaves the temple gate at 5 p.m. and takes nearly an hour to reach the sea shore. The State Government declare half day off for the city offices.

10. *Festival at St. George's Orthodox Church, Trivandrum.*—This festival is celebrated in commemoration of St. George the martyre. The feast is celebrated on May 6. The period of celebration varies from two days to eight days.

11. *The All India Exhibition at Putharikandom maidan.*—This exhibition held under the auspices of the Corporation of Trivandrum, attracts large number of people. The exhibition usually starts on January 26, every year.

12. *Flower show*.—The flower and fruit show conducted every year at Trivandrum is a festive occasion in the city. All varieties of flowers including different types of roses, fruits etc., are exhibited on a competitive spirit and prizes are awarded to the best winners.

13. *Dog Show* is conducted under the auspices of the Kennel Club of Trivandrum every year. Different breeds of pet and watch dogs are exhibited. Their size and performance are adjudged by experts and prizes awarded.

14. *Chandanakuda Mahotsavam at Bhemapalli Trivandrum*.—This is the most important religious festival of the Muslims of this area at the shrine of Bhima Beevi in commemoration of her and of her son Abubacker pious and valient sacrifice for the cause of her religion. A large number of pilgrims from Kerala and outside offer prayers and give alms to the poor. This is celebrated on the 1st Jamadul Akhar. The festival concludes with a grand show of fire works throughout night which is followed by poor feeding.

15. *Festival at Madre-de-Deus Church, Vettukadu, Trivandrum City*.—This is one of the famous coastal churches of Trivandrum city which is dedicated to the Mother of God. The most important feast lasts for eleven days.

16. *Festival at St. Joseph's Cathedral, Trivandrum City*.—The Church conducts a number of festivals every year. The following are important among them. Feast of St. Joseph the worker extending over 9 days ending on the Sunday following May 1. (2) Feast of Confraternity of Our Lady of Mount Carmel conducted on July 16. (3) Feast of Christ the King. The entire Catholic Church participates in this festival celebrated for 3 days ending on the last of October. (4) Feast of Our Lady of Snows is celebrated by Bharata Community who originally belonged to Tutukudi of Tamilnadu where this festival is popular. (5) Feast of St. Sebastin extending over 9 days ending on the second Sunday after January 20. This feast is annually conducted by the fishermen folk of the parish who form themselves into an association of Guhakala Arasa Sangham.

17. *Festival at St. Antony's Church, Valiathura*.—This church is situated at Valiathura populated mostly by fishermen. A number of feasts are celebrated in this church. Some of them are listed below: St. Antony's Feast on the 13th day of January lasting for fifteen days. (2) Confraternity of Our Lady of Immaculate Conception lasting for ten days ending on December 8. (3) Feast of Our Lady of Mount Carmel. The festival is for ten days ending on 16th July. (4) Feast of St. George lasting for ten days from Sunday after April 23. (5) Feast of Our Lady of Fatima celebrated for ten days from October 13. (6) The Feast of Our Lady of Lourdes for ten days from Sunday after February 11. (7) Feast of Little Flower (St. Teresia) for ten days from Sunday after October 3. (8) Feast of St. Jarald for ten days from Sunday after August 31. (9) Feast of St. Francis Xavier for ten days.

18. *Pongala in Attukal in Kalady of Trivandrum City.*—This commences on Bharani day in Kumbhom and continues for nine days. On the ninth day several thousands of women with ponkala pots assemble in the temple compound and prepare rice. It is almost impossible to estimate the number of pongalas and the number of persons.

19. *Bhadrakalipattu at Areyottu Temple.*—The temple is dedicated to Bhadrakali, Madan and Ganapathi. The festival lasts for seven days in the month of Kumbham and the most important items are the Bhadrakali pattu for the first day and Taipura oottum pattum for the next two days.

20. *Utsavam at Neyyattinkara Krishnaswamy Temple.*—The most important festival connected with the temple is the annual utsavam in Meenam (March-April) which lasts for ten days.

21. *Festival at St. Antony's Church, Kamukinkode, Neyyattinkara.*—The feast lasts for eleven days from June 13.

22. *Ottam in the Mutharammu Temple, Nedumangad.*—The annual festival is celebrated for five days in this temple in the month of Kumbhom (February-March). On all the five days there will be a variety of entertainments like Kathakali, Bhajana, religious discourses, music performance, nagaswaram, drum etc.

CHAPTER IV

AGRICULTURE AND IRRIGATION

1. Land Utilisation

TABLE I
Classification of Area 1975-76 and 1976-77

Sl. No.	Classification	Area (Hectares)	
		1975-76	1976-77
(1)	(2)	(3)	(4)
1.	Total geographical area according to village papers	2,18,600	2,18,600
2.	Forest	49,861	49,861
3.	Land put to non-agricultural uses	17,293	16,999
4.	Barren and uncultivable land	1,509	1,466
5.	Permanent pastures and other grazing land	86	36
6.	Land under miscellaneous crops not included in net area sown	578	346
7.	Cultivable waste	1,208	1,017
8.	Fallow land other than current fallow	1,279	1,670
9.	Current fallow	1,304	1,172
10.	Net area sown	1,45,473	1,46,033
11.	Area sown more than area	91,575	91,449
12.	Total cropped area	2,37,048	2,37,532

In 1956-57 there were no permanent pasture or other grazing land in the district. But according to the table given above 86 and 36 hectares are given under these type of lands. Barren and uncultivable land has decreased drastically between the last two decades. In 1956-57 the land under this head was 12,568 hectares whereas it is only 1,509 hectares in 1975-76 and 1,466 in 1976-77. Similarly changes can be noticed under all classifications under this head.

2. *Area and out-turn of principal crops*

Area under each crop in the Trivandrum district during the year 1976-77 is given below:

8. *Quinquennial statement of holdings in Government ryotwari areas:*

This is not applicable to Kerala as there is no ryotwari area in Kerala.

9. *Co-operative Farming Societies:*

There were 13 joint farming societies in the district in the year 1974-75. The total membership was 1,839 and the area under cultivation was 524 hectares. The paid up share capital was Rs. 62,720 and working capital Rs. 3,56,532. The total value of production for the year was Rs. 8,626. Total value of sales was Rs. 62,564. Of the 13 societies only 3 earned a profit of Rs. 2,173 whereas 9 societies incurred a loss of Rs. 31,989.

10. *Crop-wise irrigated area:*

No statistics are available with regard to crop-wise irrigated area. The total area irrigated by different sources of irrigation has already been given.

Table on agricultural implements.

TABLE 8

Agricultural machinery and implements*Machinery and implements:*

Ploughs:

1. Wooden	17,379
2. Iron	3,164

Blade harrow or bakha or gantuka	4,274
Seed cum fertiliser drills	21
Thrashers	170
Power chaff cutters	16
Sprayers & dusters	1,195
Carts (animal drawn)	1,196

Sugarcane crushers :

1. Worked by power	3
2. Worked by bullocks	19
Oil engine with pumpsets used for irrigation purpose	139
Electrical pumpsets used for irrigation	106
Persion wheels or ragats	147

Crawler tractors :

1. Government	6
2. Private	3

Four wheel tractors

1. Government	16
2. Private	34

Hand tractors and power tillers :

1. Government	16
2. Private	24

Ghanies :

1. 5 seers and above	47
2. Less than 5 seers	15

11. *Famines, floods and droughts*

During the period under review no famine, flood or drought of any serious nature occurred in the district. However when the moonsoon is severe, the lowlying areas of the district get inundated and official and non-official bodies undertake flood relief operations.

12. *Volume of forest Produce :*

The total area under reserve forests and reserve lands including fodder reserves comes to 56,571 hectares during 1974-75. The out-turn of major forest produce for the years 1973-74 is given below :

	1973-74	1974-75
	Round Cum.	Round Cum.
Timber	13,557	198
Poles (Nos.)	..	8,913
Firewood (tons)	8,993	84,105

CHAPTER V

INDUSTRIES

1. Hereunder is given the number of factories registered under the Factories Act and persons employed in them

<i>Sl. No.</i>	<i>Name of Industry</i>	<i>No. of Factories</i>	<i>Persons employed</i>
1.	Oil	21	117
2.	Tea	5	150
3.	Cashew	21	8,030
4.	Beedi
5.	Cotton textiles	8	1,474
6.	Coir	5	75
7.	Saw mills	7	46
8.	Plywood, Splints & Veneers	5	190
9.	Printing	43	1,840
10.	Rubber	4	493
11.	Chemical & Chemical products	6	823
12.	Matches	5	86
13.	Soaps	1	5
14.	General engineering	9	527
15.	Tiles	4	91
16.	Automobile repairing	25	2,587
17.	Other industries	83	1,956
Total		252	18,490

Large and Medium Industries:

<i>Name</i>	<i>Product</i>
1. English Indian Clays, Veli, Trivandrum	China Clay
2. Hindustan Latex Ltd., Perurkada, Trivandrum	Rubber contraceptives
3. Keltron Counters Ltd., Sreekariam, Trivandrum	Electronic counters
4. Kerala State Electronic Development Corporation Ltd., Vellayambalam, Trivandrum	Television sets, Electric calculators, Voltage stabilisers etc.
5. Travancore Titanium Products, Veli, Trivandrum	Titanium Dioxide, Sulphuric acid etc.
6. Trivandrum Spinning Mills, Ltd., Balaramapuram	Cotton Yarn
7. Vijayamohini Mills, Thirumala, Trivandrum	Cotton Yarn
8. Travancore Rubber Works, Chakkai, Trivandrum	Cycle Rickshaw tyres, cycle tyres and tubes, foam rubber products, hoses, bi-cycles etc.
9. Trancos Ltd., Kochuveli, Trivandrum	PVC pipes and other plastic extended items.
10. T. K. Chemicals, Kochuveli, Trivandrum	Electrolitic Manganese Dioxide,

Mini Industrial Estates

1. Ulloor
2. Varkala
3. Vellanad
4. Anad
5. Andoorkonam
6. Kadinamkulam
7. Kattakkada
8. Chemmaruthy
9. Marukil
10. Uzhamalakkal

Industrial Estates

1. Pappanamcode
2. Karakulam
3. Development Plot, Kulathur
4. Development Area, Veli.

The main agencies that sanction loans and advances are the Kerala Financial Corporation, Kerala State Industrial Development Corporation, Kerala State Small Industries Development Corporation, Kerala State Small Industries Corporation, banks and other agencies. Below is given the amount of loans and advances given by the Kerala Financial Corporation as on 31-3-1976.

<i>Effective sanction</i>						<i>Disbursements</i>					
<i>Small scale</i>		<i>Others</i>		<i>Total</i>		<i>Small scale</i>		<i>Others</i>		<i>Total</i>	
<i>No.</i>	<i>Amount</i>	<i>No.</i>	<i>Amount</i>	<i>No.</i>	<i>Amount</i>	<i>No.</i>	<i>Amount</i>	<i>No.</i>	<i>Amount</i>	<i>No.</i>	<i>Amount</i>
278	285.15	24	176.97	302	462.12	215	179.77	16	73.22	231	252.99

Kerala State Industrial Development Corporation-till 1975-76.

Kerala State Industrial Development Corporation has given Rs. 21,53.85 lakhs as financial assistance. This Corporation has invested in shares on the following companies in the district.

1. *Travancore Titanium Products.*

The Corporation has taken 1,39,732 shares of Rs. 10 per share amounting to a total of Rs. 13,97,320.

2. *Metropolitan Instruments Company*

The Corporation has taken 39,275 shares of Rs. 10 per share.

3. *Metropolitan Instruments Ltd.*

The Corporation has taken 970 shares of Rs. 100 per share.

4. *Packing Paper Corporation.*

The Corporation has taken 9,000 unquoted equity shares of Rs. 10 each and 7,200 equity shares of Rs. 110 each.

Production and service units of Kerala State Small Industries Corporation.

Tile Factory, Amaravila	.. 78,077
Service Workshop, Ulloor	.. 44,424
Government Instrument Work shop, Pappanamcode	.. 70,125
Kerala Waterproof Products, Pappanamcode	.. 19,287
Dye-casting Unit, Pappanamcode	.. 54,185

All the above industries are running at a loss in 1970-71, the amount of loss being given against the name of each industry.

The Travancore Rubber Works with a paid up capital of Rs. 138.64 lakhs is incurring great loss from 1968-69 onwards. It sustained a loss of Rs. 10.59 lakhs in 1973-74 and Rs. 34.11 lakhs in 1975-76.

The Travancore Titanium Products with a paid up capital of Rs. 93.24 lakhs had a profit of Rs. 63.04 lakhs in 1974. But it fell to Rs. 2.56 lakhs in 1975 owing to the decrease in production, increase on the cost of raw materials and wages etc.

The Hindustan Latex, a Government of India undertaking with a paid up capital of Rs. 130 lakhs has earned a profit of Rs. 20.18 lakhs in 1975-76.

The Companies working under the Kerala State Electronics Development Corporation in the district are:

Products

- | | |
|--|--|
| <ol style="list-style-type: none"> 1. Keltron Equipment Complex at Thycaud and Karakulam 2. Keltron Projectors Ltd. Trivandrum 3. Entertainment System Ltd., Karamana | <ol style="list-style-type: none"> 1. T. V. Calculator 2. Voltage stabiliser 3. Under frequency relays 4. Printer 16 m.m. Cine-sound projector. |
|--|--|

Kerala State Film Development Corporation which has entered into the film world recently will be a thriving industry when becomes full-fledged.

2. Statistics relating to power consumption in the district

The total power consumption in Kerala in 1970-71 was 1542.61, million K.W.H. 80.71 million K.W.H. was used for domestic heat

light and fans whereas 65.61 million K.W.H. was consumed for commercial light and fans. The rest was consumed for industrial, agricultural public lighting and public water works etc. The total revenue from the consumption of electricity assessed for this period was 1605.67 lakhs of rupees.

The number of consumers of electricity in Trivandrum district is 99924. This marks great development in the number of consumers comparing to 27913 consumers in 1960. Consumers of electricity per lakh of population in the State was highest in Ernakulam followed by Trivandrum and lowest in Idukki. But in 1962-63 and 1967-68 the maximum number of consumers of electricity in relation to population was in Trivandrum district. In 1959-60 the power generation in Kerala was 487.91 million K.W.H. which has risen to 2125.99 Million in 1970-71.

The per capita consumption of electricity for various purposes in the district in 1974-75 is given below:

1. Domestic consumption	17.58
2. Commercial	5.91
3. Industrial power at low and medium voltage	8.90
4. Industrial power at High voltage	5.30
5. Agricultural and irrigation	0.23

With regard to domestic consumption and industrial power at low and medium voltage, Trivandrum district stands highest in the state.

The percentage of villages electrified under the rural electrification scheme in the district is 97.70 in 1973-74. The figure for the year 1967-68 was 95.40.

CHAPTER—VI

BANKING TRADE AND COMMERCE

1. *Towns and Villages having banking facilities:*

With the expansion of banking facilities and its unprecedented growth no village or town in the district lacks banking facilities at present. All the major towns and panchayats have more branches of more than one commercial bank. Apart from the commercial banks all towns and many villages have co-operative banks and credit societies.

2. *List of commercial and nationalised banks:*

Trivandrum district had only 53 commercial banks in the year 1969. By the end of June, 1976 the number of commercial banks in the district marked nearly 300% growth, their number being 148. The date of establishment of 53 banks in 1969 had been entered in the Gazetteer for Trivandrum district. The progress in the establishment of new branches has steadily increased from 1969 onwards. The number of banks in 1971 was 88, in 1972—97, 1973—99, 1974—115, 1975—144, 1976—148 and 1978 159. The ratio of the increase is still continuing all over the State especially in this district. The list of commercial and nationalised Banks functioning in the various places of the district is given below:

1. Andhra Bank Ltd., Pazhavangadi, Trivandrum	Branch

3. *Deposit and advances:*

The following figures denote deposits and advances of commercial banks in the district.

<i>Year</i>	<i>Deposit in lakhs</i>	<i>Advances in lakhs</i>
1970	2,462	1,145
1973	4,282	2,370
1975	6,633	3,676
1976	7,716	3,635

4. *Insurance statistics:*

Statistics relating to the Insurance Unit I of the Trivandrum branch is not available. Unit II of the Trivandrum Branch of the Life Insurance Corporation of India covers only the Trivandrum and Chirayinkil taluks and part of the Nedumangad taluk of the district covering an area of 884.88 sq. kms. and with a population of 13,85,364 as per the 1971 census. 14 development officers and 312 agents are covering the above area as on 31-3-1978. Number of policies issued, total amount assured from the year 1963 till 31-3-1978 are given below:

<i>Year</i>	<i>No. of policies issued</i>	<i>sum assured in lakhs</i>
1963-64	N.A.	114.35
1964-65	N.A.	100.21
1965-66	N.A.	104.42
1966-67	N.A.	151.75
1967-68	N.A.	155.01
1968-69	N.A.	142.64
1969-70	2130	166.29
1970-71	2200	209.60
1971-72	2543	218.41
1972-73	3003	292.20
1973-74	3204	382.77
1974-75	2716	348.66
1975-76	3654	619.31
1976-77	4640	706.19*
1977-78	4051	657.00**

* Ranked number I in South India.

** Ranked number II in South India.

5. *Growth of co-operative societies in the district:*

The following are the different types of banks and credit societies operating in the district and the number of each type:

	No.	Membership
1. State Co-operative banks (1974-75)	1	12
2. Co-operative Central bank (1974-75)	11	5605
3. Central Land Mortgage Bank (1974-75)	1	32
4. Primary land mortgage banks (1974-75)	34	134956
5. Primary agricultural credit societies (1974-75)	1731	2207252
6. Primary non-agricultural credit societies (1974-75)	468	466233
7. Harijan co-operative societies	246	40021
8. Apex societies	2	113
9. Central societies	1	9680
10. Primary marketing societies	98	118098
11. Engineering and Poultry societies	32	3511
12. Other stock societies	2	347
13. Joint farming societies	80	6324
14. Collective farming	8	2304
15. Irrigation societies	20	2663
16. Consumer federation	1	22
17. Wholesale stores	11	52104
18. Primary consumer stores	332	125479
19. Other processing societies	2	395
20. Housing co-operative apex societies	1	97
21. Urban co-operative societies	145	9179
22. Rural co-operative societies	85	21344
23. Co-operative weaver's societies	3	262
24. Other industrial societies	8	1158
25. School and college stores	689	741097
26. Labour contract and contracting societies	73	10826
27. Forest labourer's co-operative societies	15	2124
28. Ex-servicemen co-operative societies	6	509
29. For others	11	1046
30. Agricultural non-credit societies	92	17980
31. Non-agricultural non-credit societies	249	56652
32. Supervising unions	57	2869
33. Circle unions	57	3045
34. State co-operative union	1	3048
35. Milk supply unions	10	5341
36. Milk supply societies	498	73800
37. Fishermen co-operative societies	1054	112051
38. Handloom apex societies	1	310
39. Primary weavers' co-operative societies	368	111
40. Primary handloom weavers societies having power looms	51	10453
41. Coir primary societies	346	100101
42. Coir central societies	4	389

The state co-operative bank, central housing land mortgage bank, state co-operative union and urban housing co-operative apex society

are situated in this district. There are only one of this type in the state in each category. Being the capital city of Kerala, Trivandrum has the unique position of having the central offices of almost all types of co-operative institutions. Further the controlling departments and their heads have their offices in the capital namely the registrar of co-operative societies, the director of Industries and commerce, the director of dairy development, the director of agriculture, the director of fisheries and similar other departments and co-operatives. The co-operative movement has received great momentum under the patronage of both the state and central governments not only among the urban areas but also in the rural areas. The supply of books and other necessities to the schools and colleges found ready response in almost all the educational institutions. The idea of co-operative movements has thus instilled in the minds of students. Similarly marketing societies, farming societies, consumer's stores, housing co-operative societies, agricultural societies, weaver's and fishermen's societies have created a strong feeling of co-operation among the people.

6. *Loans and advances given to agriculture and other priority sectors:*

By the end of March 1976 the direct finance advanced to agriculture in the district is given below:

	<i>Direct finance</i>	<i>Indirect finance</i>
No. of accounts	48967	144
Limit sanctioned	41638	23433
Balance outstanding	39294	12588

7. *Advances to other priority sectors:*

	<i>No. of Accounts</i>	<i>Limit sanctioned (in 1000's)</i>	<i>Balance outstanding</i>
A. Retail trade and small business	7615	15730	14512
B. Professional and self employed persons	6287	7780	7431
C. Education	211	401	397
D. Advance to exports (pre-shipment finance)	23	16487	13126
E. Post shipment finance	73	5136	4958
F. To Weaker sections	64832	160185	123825

The total deposit for the year 1976 in the district is Rs. 70,87,80,000. Total advances including bills purchased and discounted is Rs. 38,70,98,000. Thus the percentage of advances to priority sectors to total advances is 32 and the credit deposit ratio is 54.6.

8. *Turn-over of commodities at various markets:*

There are no regulated markets in Kerala. The turn-over of commodities at the important markets of the district is given below:

TABLE I

<i>Name of commodities</i>	<i>Peak marketing season</i>	<i>Annual out-turn</i>
A. Chalai market	December—April	1,600 tonnes
1. Canegur	January—March	1,500 „
2. Palmgur	September—December	1,500 „
3. Green gram	March—April	
4. Black gram	October—December January—February	2,000 „
5. Banana	Throughout the year	15 lakhs bunches
6. Betal leaves	do.	50 lakhs leaves
7. Vegetables	do.	15,000 M. T.
8. Banana leaves	November-April	1.2 crores of leaves
B. Palayam (Connemara) market		
1. Banana	Throughout the year	8 lakhs bunches
2. Vegetables	do.	7,500 M. T.
C. Manacaud market		
1. Banana	Throughout the year	12 lakhs bunches
2. Banana leaves	do.	1.65 lakhs leaves
3. Betel leaves	do.	25 lakhs leaves
4. Vegetables	do.	1,500 M.T.

TABLE II

<i>Name of crop</i>	<i>Peak marketing season</i>	<i>Annual out-turn</i>
1. Pepper	November—March	5,000 quintals
2. Arecanut-tender ripe	August—October September—December	80 lakhs 200 lakhs
3. Cashew	April—July	7,500 quintals
4. Ginger	November—January	800 quintals of green ginger
5. Banana	August—November December—February	1 lakh bunches
6. Coconuts	Throughout the year (peak: February—July)	20 lakh nuts
7. Tapioca	October—November April—June	4,000 quintals

TABLE III

Commodities, peak marketing period and annual out-turn

<i>Name of commodities</i>	<i>Peak marketing season</i>	<i>Annual out-turn</i>
(1)	(2)	(3)
1. Pepper	November—February	1,500 tonnes
2. (a) Raw arecanut (b) Tender arecanut (c) Cured arecanut	November—December August—September September—October	} Nearly 100 crores of nut
3. Tapioca	November—December	
4. Cashewnut (raw)	November—June	
5. Banana	Available throughout the season. Peak season being December—January	} 2 lakhs bunches

TABLE IV

<i>Name of commodities</i>	<i>Peak marketing season</i>	<i>Annual out-turn</i>
(1)	(2)	(3)
1. Pepper	November-February	4,000 qtls.
2. Arecanut	October-January	One crore of nuts
3. Cashewnut	February-May	20,000 qtls. (2,000 M.T.)
4. Coconut Peak	Throughout the year February-July	5 lakhs of nuts
5. Tapioca Peak season	Throughout July-August. the year January-March	1,200 M. T.
6. Banana Peak season	November-March available throughout the year November-February	1.25 lakh bunches
7. Betel leaves Peak	Throughout the year June-October	One crore of leaves

TABLE V

<i>Name of the commodities</i>	<i>Peak marketing season</i>	<i>Annual out-turn</i>
(1)	(2)	(3)
1. Pepper	November-February	750-1,000 qtls.
2. Arecanut	September-December	30 lakhs nuts
Ripe	July-September	10 lakh nuts
Tender	February-May	
3. Cashew	February-May	1,000 qtls.
4. Coconut	Throughout the year (February-July)	2 lakh nuts (The estimates are made after making detailed enquiries with merchants)
5. Tapioca	Throughout season (September-January)	4,000 qtls.
6. Banana	Throughout season	25,000 bunches

TABLE VI

<i>Name of commodities</i>	<i>Peak marketing season</i>	<i>Annual arrivals</i>
(1)	(2)	(3)
1. Pepper	November-February	500 tonnes
2. Arecanut		
Tender	August-September	8 lakhs nuts
Ripe	October-January	15 crores of nuts
3. Betel leaves (Peak season)	Throughout the year (July-November)	3 crores of leaves
4. Cashewnut	February-March	1,000 M. T.
5. Banana	November-February	3 lakhs bunches
6. Tapioca (Peak season)	Throughout the year January-March May-August	1,200 M. T.

CHAPTER VII

COMMUNICATIONS

1. Railways

The opening of the 65 km. Trivandrum-Quilon broad guage line on September, 13, 1976 marked the completion of the Ernakulam-Trivandrum broad guage (220 k.m.) conversion project. The district has a 65 km. railway line extending from Trivandrum to Quilon to which 49.02 kms. fall within the district. The entire length of this part of the Trivandrum Quilon Railway line is broad guage which was completed on September 13, 1976. The railway line is being extended to Cape Commorin, the work of which is expected to be completed by the end of 1979.

From the point of view of communication it is seen that though all the villages in the district are served by pucca roads only 8 villages have railway facilities within two kms. 6 villages are within the range of 2 to 5 kms., whereas 17 villages are above the range of 5 to 10 kms. Those villages having a range of between 10-15 kms. are 11, and the same number of villages are between 15 to 20 kms. There are 29 villages having a distance of 20 and above kms. to reach the nearest railway station. With the work undertaken of the railway extension to Cape Commorin, the Southern Railway built a fly-over bridge at Thampanoor cross road. The new Kerala -Karnataka Express service linking Trivandrum with Delhi is the fastest railway service and has served to increase the passenger traffic and accelerate the tempo of tourist attraction.

सत्यमेव जयते

2. State Transport

The district has got three Transport stations under the Kerala Road Transport Corporation. The number of schedules, number of routes, route distance, number of passengers carried etc. are given in the following table.

<i>Transport District</i>	<i>No. of Schedules as on 31-3-1977</i>	<i>No. of routes as on 31-3-1977</i>	<i>Route KM as on 31-3-1977</i>	<i>Distance operated in lakhs Kms as on 31-3-1977</i>	<i>No. of passengers in lakhs as on 31-3-1977</i>
Trivandrum	295	466	20,518	323.43	663.81
Neyyattinkara	60	154	4,065	59.31	195.47
Trivandrum city	228	579	6,563	130.52	814.27

3. *Table on Public Works Department roads as on 30-6-1977*

The distribution of P. W. D. roads is as follows:

State Highways	116 kms.
Main District Roads	213 „
Other District Roads	1031 „
Total	1360 kms.

The following table gives the district-wise length of roads under various categories in the district.

<i>Type of roads</i>	<i>Length in km.</i>
Cement ..	10.00
Bituminus ..	1208.24
Water bound
Macadam ..	303.97
Water bound
Macadam
Lower Type ..	212.01
Total ..	1734.22

4. Major bridges built after 1960 are Mandapathumkadavu bridge, Mampazhakkara bridge, Aruvipuram bridge, all in the Neyyattinkara taluk and the Attingal bridge in the National Highway 47.

5. The total number of motor vehicles registered as on 31-3-1977 was over 129,193 in the State. Trivandrum district has the largest number of motor vehicles 26,631 which are followed by Ernakulam with 21,090 and Kozhikode with 15,981 motor vehicles.

Statistics on the number of Motor Vehicles on road in the district during 1974-75, 1975-76 and 1976-77 are given below:

<i>Type of vehicles</i>	1974-75	1975-76	1976-77
1. Goods Vehicles	3,900	2,434	2,315
2. Stage carriages	3,590	3,781	3,862
3. Taxi Cars	1,214	1,231	1,556
4. Motor Cars	9,277	9,645	9,486
5. Motor Cycles	6,352	6,235	7,250
6. Auto—Rickshaws	322	252	328
7. Tractor Trailors	36	87	22
8. Jeeps	1,156	1,188	1,230
9. Others	1,194	253	582
Total	27,041	25,106	26,651

6. *Statistics on Shipping and Air traffic*

The following statements shows the number and tonnage of steamers and sailing vessels called at the Trivandrum minor port during 1973-74.

Steamers	—2	Tonnage—2,263 Metric Tonnes
Foreign	—2	Tonnage—23,574 Metric Tonnes

Air Traffic

The district has an Airport. The inauguration of the weekly direct flight from Trivandrum to Dubai from here on January 31, 1978 is a major event in the sphere of air travel. A second Boeing Service between Trivandrum and Dubai has also been started. An estimated number of 3,000 people from the State travel from Trivandrum to the Gulf countries every month. The new service will not only reduce the flying time from Kerala but also cease the pressure on the Trivandrum Bombay sector. With the inauguration of the direct flight to Dubai, the Civil Aviation Department has developed Trivandrum aerodrome for regular Boeing-737 operations and occasional Boeing-707 operations at a cost of Rs. 80 lakhs. The airport runway which had a length of 1928.8 metres has been strengthened and extended to 2591 metres. The recent introduction of Air-bus flights by Indian Airlines will go a long way in meeting the fast air traffic demand of this area.

7. *Travel and Tourist facilities*

Tourism is fast growing into an important industry in the State. Kerala Tourism Development Corporation was set up in 1966 with the intention of developing tourism in Kerala. Government of India took up the programme of developing Kovalam as a tourist centre. By 1980 it is expected that about one lakh foreign tourists and double the number of home tourists will be visiting Kovalam and other tourist centres of the State.

Another scheme undertaken in the district is the development of Ponnudi as a tourist centre. Ponnudi is a hill station which is about 55 kms. away from Trivandrum. It comprises the upper and lower sanatoria. These are under the control of the Tourist Department. It is proposed to improve the existing facilities at Ponnudi and also to provide more accommodation and other amenities there. Another centre of tourist attraction is Thumba where the Vikram Sarabai Space Centre is located. The centre lies at Veli in the precincts of Trivandrum. Situated 50 kms. from Trivandrum, the Varkala village set under idyllic natural circumstances is yet another place of tourist attraction. In this place is situated the Janardhanaswamy temple and the samadhi of Narayana Guru.

8. *Statistics of Posts, Telegraphs and Telephones.*

80 villages have post offices, 18 villages have telegraph offices and 19 villages have public call facilities in the district. The table below

gives details of Post and Telegraph facilities available in each taluk of the district.

<i>Taluk</i>	<i>No. of post offices</i>	<i>No. of telegraph offices</i>	<i>No. of public call offices</i>
1. Chirayinkil	50	6	7
2. Nedumangad	54	4	5
3. Trivandrum	29	5	3
4. Neyyattinkara	52	6	7

Steps are being taken to upgrade Trivandrum Telephone Division as a Telephone District like Ernakulam. Kerala has a density of 2.31 telephones per sq.kms. as against the All India average of 0.7 per sq.km. It has on an average 3.1 telephones per thousand inhabitants as against only 2.8 telephones at the all India level.

Subscriber Trunk Dialling (S.T.D.) service has made significant improvement in the telephone service. The state had only 29 S.T.D. routes at the commencement of 1976 but during 1976-77, 46 new routes were added to the S.T.D. net work. From Trivandrum S.T.D. service is available to the following places. 1. Cochin, 2. Kottayam, 3. Alleppey, 4. Asansol, 5. Bhubaneswar, 6. Calcutta, 7. Calicut, 8. Coimbatore, 9. Cuttack, 10. Erode, 11. Hyderabad, 12. Jamshedpur, 13. Kharagpur, 14. Madras, 15. Madurai, 16. Musafarpur, 17. Narakal, 18. New Delhi, 19. Ooty, 20. Palghat, 21. Patna, 22. Quilon, 23. Salem, 24. Tirupur, 25. Trichur, 26. Trichy and 27. Udumalpet.

A new Trunk Exchange was opened at Nedumangad in 1977-78.

9. *Number of Broadcasting Stations and Radio & T.V. Licences.*

Broadcasting stations	2
Number of Radio sets, per lakh	1,457
Total radio sets	32,054
Television sets and licences	Nil

10. *Road accidents*

The number of road accidents went down from 5,683 in 1974-75 to 5,390 in 1975-76 in the State. The number of deaths as a result of accidents decreased from 1,067 to 861 during this period. Similarly those who sustained injuries in 1975-76 were only 5,459 compared to 5,733 in 1974-75.

When this is the overall picture of the State the position of the Trivandrum district is as follows:

Place	No. of road accidents		No. of vehicles involved		No. of persons injured		No. of persons killed	
	1974-75	1975-76	1974-75	1975-76	1974-75	1975-76	1974-75	1975-76
Trivandrum city	415	279	423	293	317	251	28	28
Trivandrum rural	590	356	611	373	605	441	89	53

Road accidents are the highest in Trivandrum district taking the accidents that occurred in the city and the rural parts. But the number of persons killed during the year 1975-76 is comparatively less than that of Kozhikode, Trichur, Ernakulam and Quilon.

सत्यमेव जयते

CHAPTER IX

ECONOMIC TRENDS

1. *Earners Earning, dependents, Non-earning dependents*

The 1971 census figures of Trivandrum district shows that 628,293 persons are earning members out of a total population of 2,198,606. Of these 498,397 are males and 129,986 are females. This working population constitutes 28.58% of the total population. The males shows 45.51% while the females 11.77% to the total population of males and females respectively.

The following table gives the workers and work participation rates for district and taluks.

TABLE I
Participation Work—1961-71

<i>District/Taluk</i>	<i>Workers</i>		<i>Percentage of workers to total population</i>	
	1961	1971	1961	1971
Trivandrum district	540,891	628,293	31.00	29.59
Chirayinkil taluk	127,648	139,861	34.48	30.37
Nedumangad taluk	106,523	122,388	30.90	29.41
Trivandrum taluk	165,657	209,984	28.98	28.08
Neyyattinkara taluk	140,853	156,060	30.81	27.89

2. The table given below gives the percentage of workers to total population in rural and urban areas of the district and taluks by sex.

TABLE II
Work participation rate by sex 1971

District/Taluk	Percentage of workers to total population								
	Persons			Males			Females		
	Total	Rural	Urban	Total	Rural	Urban	Total	Rural	Urban
Trivandrum district	25.58	28.98	27.55	45.51	46.09	43.86	11.77	11.98	11.19
Chirayinkil taluk	30.37	31.04	25.61	43.46	43.95	40.01	18.06	18.90	12.04
„Nedumangad	28.41	28.44	27.57	47.23	47.32	41.45	9.60	9.54	11.03
„Trivandrum	28.08	28.60	27.72	44.22	44.55	44.00	11.81	12.63	11.26
„Neyyattinkara	27.89	27.86	28.18	47.52	47.65	46.34	8.03	7.85	9.74

Statistics given below show the non-workers of the district

	<i>Total</i>	<i>Male</i>	<i>Female</i>
Trivandrum District	1,570,323	596,779	973,334
Chirayinkil taluk	320,612	126,124	194,486
Nedumangad taluk	308,391	113,661	194,730
Trivandrum taluk	537,882	209,331	328,551
Neyyattinkara taluk	403,428	147,663	255,765

3. Among the total workers 14.05% are cultivators and 29.85% are agricultural labourers. Of the 498,397 males among the working population 30.53% are agricultural labourers and 17.17% cultivators. Of the 129,896 females working population in the district 27.26% are agricultural labourers and 2.08 cultivators.

The workers have been grouped under 9 industrial categories as shown below:

TABLE III
Workers by industrial categories and sex 1971

<i>Industrial category of workers</i>	<i>Persons</i>		<i>Males</i>		<i>Females</i>	
	<i>Number</i>	<i>Percentage</i>	<i>Number</i>	<i>Percentage</i>	<i>Number</i>	<i>Percentage</i>
Total workers	628,293	100.00	498,397	100.00	129,896	100.00
(i) Cultivators	88,287	14.05	85,580	17.17	2,707	2.08
(ii) Agricultural labourers	187,538	29.83	152,148	30.53	35,140	27.26
(iii) Live-stock, forestry, fishing, hunting & plantation, orchards & allied activities	33,9133	5.40	31,825	6.39	2,088	1.61

(viii) Transport, storage & communications	23,274	3.70	21,019	4.22	2,255	1.73
(ix) Other services	1,21,719	19.37	87,295	17.51	34,424	26.50

4. Prices

The consumer price index numbers for Kerala registered a declining trend in 1976. Favourable monsoon resulting in an increase in the

agricultural output was the main reason for comparatively low price in agricultural commodities. The consumer price index numbers for agricultural and industrial workers in Trivandrum during the year is 184.5 in 1975 and 164.1 in 1976, thus showing a variation of 11.1. Index numbers for the months of January to December 1976 are given hereunder.

January	173
February	166
March	164
April	164
May	163
June	163
July	166
August	164
September	161
October	161
November	162
December	162

The retail prices of essential commodities showed a mixed trend during the year. Out of the 39 essential commodities of daily consumption 21 items recorded a fall in prices, 2 remained stationary and 16 items witnessed rise in prices. The commodities which recorded large decline in prices were chillies 49%, red-gram 14%, onion 13% and tapioca 12%. The Commodities which have witnessed a large rise in prices are coconut-oil 65%, coconut 45% and coriander 42%. The stability of the prices of essential commodities has to a great extent been maintained by the timely entry of the Civil Supplies Corporation in the field. At the same time the index of cultivation went up by 15 point during the year 1976 despite the marginal decline in fertiliser prices. Another notable feature was the availability of foodgrains in the state. The supply through ration shops during the whole period was 12 grams per day. Then rice was readily available all over the district. The demand for wheat has comparatively declined. The fall was 45%.

The table in the next two pages is the statement of retail prices of essential commodities for the 12 months of 1971.

Prices

The consumer price index especially that of agricultural commodities marked an appreciable decline from 1976. This downward trend continued till March 1977, when there was a slight upward trend. The fall of price during 1976-77 was on an average 10%. Below is given the urban retail price trend observed in Trivandrum centre for the period from January 1976 to June 1977 in respect of some essential commodities.

Rice

In January, 1976 the retail price per kg. was Rs. 3.10. But due to large scale availability and increased supply of rice, the price in the open market decreased to Rs. 2.50 at Trivandrum.

Tapioca

In January 1976 the price of tapioca stood at 50 p. per kg. at Trivandrum. This remained steady till September 1976 when there was a slight fall in the market rate till April, 1977. But the prices rose again during the subsequent months and have now reached the level of January, 1976.

Coconut

The price of coconut per hundred in January 1976 was between a minimum of Rs. 75 and a maximum of Rs. 82. In April 1976 the price stood at Rs. 70. During the period from May to July the prices fell but they began to rise from August onwards and continued till November 1976. In November 1976 the price reached a maximum of Rs. 120 at Trivandrum and Rs. 140 at Ernakulam. From the month of December 1976 onwards a decline in trends was observed till June 1977.

Coconut oil

The retail price of coconut oil during January, 1976 was Rs. 9 per kg. The price increased steadily afterwards reaching to a maximum at Trivandrum in December, 1976 by Rs. 15.40 per kg. But from January, 1977 onwards there was a downward trend and in June the price was Rs. 10.50.

Groundnut oil

The price of groundnut oil per kg. in January, 1976 was Rs. 7.03 at Trivandrum which recorded a rise in the month of July to Rs. 8.57. During September, 1976 the price was highest at Trivandrum viz. Rs. 12.50. After a fall in prices during the next 4 months the price again shot up to Rs. 11.98 in June, 1977.

Dhall

In the month of January, 1976 retail price of Dhall per kg. was Rs. 3 but during March, 1977 it increased to Rs. 4.40 at Trivandrum. The following months also registered a rise in price.

Blackgram

Over the past eight months ending August, 1976 the price of blackgram at Trivandrum increased by 60%. Thereafter the price began to fall and in December, 1976 the price was at Rs. 2.80 per kg. But in June, 1977 the retail price rose to Rs. 3.60.

Chillies

The price was high in the month of January, 1976. It sold at a rate of Rs. 12.48 per kg. at Trivandrum but in June, 1977 the price fell to Rs. 9.36.

Onions

In the opening month of 1976 the price of onion per kg. stood at Rs. 0.90 per kg. at Trivandrum. But from July onwards prices exhibited a continued upward rise. In June, 1977 the price reached a maximum of Rs. 1.90.

Corriander

In January, 1976 the prices of corriander was Rs. 5.74 per kg. at Trivandrum. But thereafter there was a fall till the end of May, 1976. From June onwards prices began to rise and in December, 1976 the rate was Rs. 10.40. But from January, 1977 onwards prices began to fall and in June, 1977 the price was Rs. 8.57 per kg. Corriander is mostly imported from other states and therefore its price naturally depends upon the prices at the market outside the state.

Potato

The commodity which showed a significant price fluctuation was potato during the year 1976. In the first month of the year the price reported was Re. 1.00 per kg. but in May it was 1.40. In May, 1977 the price increased to 2.40.

Sugar

Another essential commodity which showed variation and instability in price was sugar. The fluctuation varied from Rs. 4.40 per kg. to Rs. 5.20. resulting in increase of nearly 18%. In January, 1976 the price was 4.50 at Trivandrum, but in June, 1977 it fell to Rs. 4.30. There is steady fall in the price of sugar in the open market. In March 1978 the price is Rs. 3.50 per kg.

District income at current prices

The total income of the district for the year 1974-75 was Rs. 20,227 lakhs. This is 10.2% of the total state income. Per capita income of the District during this period was Rs. 858.

Cost of living

Cost of living index numbers for the months of January to December, 1976.

33. Personnel services	5.38	87.05

No. of registration and placings in Employment Exchange

By the end of the year 1976 the number of job seekers increased from 6.91 lakhs in 1971 to 7.53 lakhs. The rate of increase is 8.75. But it was 17.5% in the year 1975. During the last one decade the increase of job seekers in the state registered an increase of five times. The number in the end of 1966 was only 1.57 lakhs. The applicants having different educational qualifications who have registered as unemployed by the year ending 1976 were as follows:

Below S.S.L.C.	344,461
S.S.L.C.	315,552
Pre-degree	38,176
Graduates	43,749
Post-Graduate	5,641
Total	747,579

Of the total job seekers 45.71 per cent are having educational qualifications below S.S.L.C.

Number of job seekers in Trivandrum from 1970 to 1974 is given below:

1970	70,778
1971	91,112
1972	102,253
1973	1,19,318
1974	1,20,503

The number of medical graduates, engineering graduates, agricultural graduates and veterinary graduates registered during the year 1977 is as follows:

Medical graduates	696
Engineering graduates	1,752
Diploma holders in engineering	4,009
I.T.I. Certificate holders	20,747
Agricultural graduates	29
Veterinary graduates	75

During the same year the number of persons employed in the public and private sectors are given separately hereunder.

Private	487,048
Public	433,542
Total	920,580

Number of placing through the Employment Exchange in Kerala during the year 1976 was 22,210. But a substantial number of these placement

was purely against temporary vacancies in government where regular recruitments is made through the public service commission.

The figures shown above relate to the state as a whole. The district-wise statistics are not available at present. Still an overall picture of the acute situation of unemployment and the placement by the employment exchanges can be realised from the statements above.

Extent of employment in various categories of trades.

Of the 628,293 workers in the district 498,397 are males and 29,896 are females. Among the total workers 14.05% are cultivators and 29.85% are agricultural labourers. 30.53% of the male workers are agricultural labourers and 17.17% cultivators, while among female workers 27.26% are agricultural labourers and 2.08% cultivators. The following table gives the distribution of workers of the district in to the nine industrial categories by sex.

Workers by industrial categories by sex 1971

Industrial category of workers	Persons		Males		Females	
	Number	Percent-age	Number	Percent-age	Number	Percent-age
(1)	(2)	(3)	(4)	(5)	(6)	(7)

CHAPTER XII

LAW, ORDER AND JUSTICE

Statistics of Police stations and out-posts

There are 34 police stations and 13 out-posts in the district as on 1977. The office of the Inspector General of Police is also situated in the Trivandrum city. A police control room is instituted in the district. This helps the police to give timely assistance to those who call upon them even at odd hours.

2. *Total strength of police officers and men*

The following is the strength of police force including district Armed force in the district by categories:

S.P./C.P./C.M.T.	3
A.S.P/Dy.S.P.	9
Inspectors	17
Sub-Inspectors	100
Assistant Sub-Inspectors	42
Head Constables	333
Constables	2,542
Total	<u>3,046</u>

Proportion of police to the district area 1:2.1

Proportion of police to the population 1:1322.3

Proportion of cognizable crimes to the population 1:0.49

The following is the strength of armament of the district police force.

1. Bren gun	3
2. Sten gun	94
3. Rifle	2,935
4. Smooth bores	310
5. Revolver	242

3. *Jails*

Of the three central prisons one of them is at Trivandrum viz., Poojapura Central Jail. Attached to all police stations are there cells where criminals are kept before they are produced before the courts.

No. of Jails 4

Status and location of each

1. Central Prison	Poojapura, Trivandrum-12.
2. Sub Jails	1. Attakulangara, Trivandrum 2. Attingal
3. Open Prison	Nettukaltheri, Kottoor, Kattakada

No. of convicts and under trials in each as on 31-3-1978

<i>Name of Jail</i>	<i>Convicts</i>	<i>Under trials</i>	<i>Total</i>
Central Prison	839	44	883
Sub-Jail, Trivandrum	1	119	120
Open Prison	122	Nil	122
Sub-Jail, Attingal	4	22	26

4. *Statistics of incidence of crime*

The Statistics of incidence of crime in the district in the year 1975, 1976 and 1977 are as follows:

<i>Crimes</i>	<i>Trivandrum city (1975)</i>	<i>Trivandrum rural (1975)</i>	<i>1976 City & Rural</i>	<i>1977 City & Rural</i>
1. Rape	4
2. Riots	129	343	373	747
3. Offence relating to coin currency and bank notes	7	9	6	18
4. Murder	6	17	28	35
5. Kidnapping and abduction	4	10	13	19
6. Dacoity	1	3	2	2
7. Robbery	8	17	11	12
8. Cheating	45	38	113	86
9. Breach of trust	45	41	64	68
10. Thefts	770	481	751	768
11. Culpable Homicide	2	2	2	Nil
12. Burglary	365	394	527	674
Total cognisable crimes under I. P. C.	2,360	4,028	5,262	2,423

True cognizable offences 1977

<i>Name of offence</i>	<i>Trivandrum</i>
1. Total No. of true cognizable offences under I.P.C.	6,241
2. Property offences	1,592
3. Murder including murder for gain	35
4. Dacoity	2
5. Theft	758
Total:	6,828

During the years 1976 and 1977 the property stolen and recovered are as follows:

	1976	
	Trivandrum city	Trivandrum rural
Property stolen (in Rs.)	9,38,598.03	5,50,018.16

CHAPTER XV

EDUCATION AND CULTURE

1. *Statistics of literacy according to urban-rural and sex-break-up.*

Rural and urban literacy by taluks 1977

<i>District/Taluk</i>	<i>Literacy rate</i>					
	<i>Total</i>		<i>Males</i>		<i>Females</i>	
	<i>Rural</i>	<i>Urban</i>	<i>Rural</i>	<i>Urban</i>	<i>Rural</i>	<i>Urban</i>
Trivandrum district	60.87	67.27	67.22	72.64	54.60	61.88
Chirayinkil taluk	59.84	66.48	67.21	72.11	52.21	61.13
Nedumangad taluk	61.01	63.80	67.58	70.62	54.43	57.11
Trivandrum taluk	64.82	68.79	71.26	74.14	58.37	63.38
Neyyattinkara taluk	59.22	56.80	64.52	61.64	53.87	51.89

2. *Statement of Primary and secondary education*

The following table shows the number of lower primary, upper primary and secondary schools in the district as on 1975-76.

<i>Type of Schools</i>	<i>Government</i>	<i>Private</i>	<i>Total</i>
Lower Primary	350	176	526
Upper primary	89	103	192
Secondary	75	73	148

The following table gives the number of scholars in the above institutions.

Standard-wise strength of scholars L.P., U.P. and High Schools 1975-76

<i>Standard</i>		<i>Standard</i>	
I	61,211	VI	55,017
II	65,983	VII	50,269
III	61,923	VIII	44,953
IV	65,797	IX	35,122
V	70,228	X	20,581
	Total		5,32,084

The table below gives the number of teachers working in the schools.

Type	Government		Private	
	Men	Women	Men	Women
Nursery	..	14	..	14
Lower Primary	1,880	2,080	689	905
Upper primary	1,385	1,112	1,167	1,088
Secondary	827	808	852	662

3. Statement of University Education

Pre-Degree		No. Students
Arts	Government	973
	Private	3,609
Science	Government	1,652
	Private	5,002
Commerce	Government	270
	Private	538
Total		12,044
Degree Course		
Arts	Private	1,995
	Government	2,131
Science	Private	1,263
	Government	2,569
Commerce	Private	159
	Government	424
Total		8,540

4. Professional and technical Education

Number of scholars in colleges for professional education 1975-76

Law colleges	1,239
Training colleges	352
Engineering colleges	743
Medical colleges	1,421
Ayurveda colleges	254
Agricultural colleges	319
College of Physical Education	319

The Co-operative College and the Co-operative Training Centre admit 150 and 175 for the H.D.C. and J.D.C. courses respectively.

5. *School for the cultivation of fine arts*

The S.S.T. College of Music and the School of Arts, are the institutions in the district for aesthetic education.

In 1974-75 there were 337 students —120 boys and 217 girls.

6. *Education for the handicapped*

The School for the blind, deaf and dumb situated at Trivandrum is the only institution in the district for the handicapped.

7. *List of libraries in the district*

In 1977 there are 867 libraries in the district with a total membership of 82,706. The number of books in these libraries come to 863,761.

6. Malaria, Filaria, Small pox eradication projects

Intensive anti malaria, filaria and small pox drive had been conducted in the district as a part of the campaign carried out all over the State. Only one cholera casualty is reported in 1969 in this district while the toll in the State was 16 for this year. Similarly 11 cases of small pox casualty was reported in 1973 from the State but Trivandrum district did not share in this. Filaria, malaria and small pox are under complete control. One may say that these have been absolutely eradicated. Sporadic instances of unconfirmed reports of these diseases are well attended and treated out. However the following are the vital statistics of certain dangerous diseases of 1973.

Cholera

Number of attacks	46
Death	2
The infection rate was	.0198% when compared with the population rate
The case fatality rate came to	4.4%

Small pox

1973—No attack—No death

Tuberculosis

The number of in patients in 1973 were	2,161
Number relieved	1,430
Died	154
Otherwise discharged	108
Remaining	469

7. Maternity and Child Health programme

1. Triple immunisation programme has been carried out in the district. The number of children benefited was 8,414 in the year 1975.

2. Immunisation of expectant mothers against tetanus. The beneficiaries came to 6,057.

3. Under the programme of prophylaxis of against nutritional anaemia 34,305 women were benefited. Children treated were 18,875.

4. Under the programme of prophylaxis against blindness the total treated in the year was 43,103.
